

**NATIONAL AUTOMATIC SPRINKLER METAL TRADES WELFARE FUND
NOTICE OF PRIVACY PRACTICES FOR PROTECTED HEALTH INFORMATION
(Effective September 23, 2013)**

THIS NOTICE DESCRIBES HOW MEDICAL INFORMATION ABOUT YOU MAY
BE USED AND DISCLOSED AND HOW YOU CAN GET ACCESS TO THIS
INFORMATION.

PLEASE REVIEW IT CAREFULLY.

This Notice is required by the Standards for the Privacy of Individually Identifiable Health Information (“Privacy Rules”) issued by the U.S. Department of Health and Human Services pursuant to the Health Insurance Portability and Accountability Act of 1996, as amended. It describes how the National Automatic Sprinkler Metal Trades Welfare Fund (“Fund”) can use and disclose your Protected Health Information. Protected Health Information (“PHI”) is information that is created, received, transmitted or stored by the Fund which relates to your past, present, or future physical or mental health, health care, or payment for health care, and either identifies you or provides a reasonable basis for identifying you. In general, the Fund may not use or disclose your PHI unless you consent to or authorize the use or disclosure, or if the Privacy Rules specifically allow the use or disclosure.

Use or Disclosure of PHI

1. The Fund may use or disclose your PHI for treatment, payment or health care operations without your written authorization:

- “Payment” generally means the activities of a Fund to collect premiums or contributions, to fulfill its coverage responsibilities, to provide benefits under the Fund, and to obtain or provide reimbursement for the provision of health care. Payment may include, but is not limited to, the following: determining coverage and benefits under the Fund, paying for or obtaining reimbursement for health care, adjudicating subrogation of health care claims or coordination of benefits with another plan that may also cover you, billing and collection, making claims for stop-loss insurance, determining medical necessity and performing utilization review. For example, the Fund will disclose the minimum necessary PHI to medical service providers for the purposes of payment.
- “Health Care Operations” are certain administrative, financial, legal, and quality improvement activities of the Fund that are necessary to run its business and to support the core functions of treatment and payment. For example, the Fund may disclose the minimum necessary PHI to the Fund’s attorney, auditor, actuary, and consultant(s) when these professionals perform services for the Fund that require them to use PHI. Persons who perform services for the Fund are called “Business Associates.” Federal law requires the Fund to have written contracts with its Business Associates before it shares PHI with them, and the disclosure of your PHI must be consistent with the Fund’s contract with them. Other examples of Business Associates are the Fund’s claims repricing services, utilization review companies, prescription benefit managers, PPOs and HMOs.
- “Treatment” means the provision, coordination, or management of health care and related services by one or more health care providers, including the coordination or management of health care by a health care provider with a third party; consultation between health care providers relating to a

patient; or the referral of a patient for health care from one health care provider to another. The Fund is not typically involved in treatment activities.

Except where disclosure is required by law as described below, the Fund may not disclose your PHI to a health plan for purposes of payment, health care operations, or treatment if you have requested that such disclosure be restricted and the PHI pertains solely to a health care item or service for which the health care provider has been paid in full by you out of pocket.

2. The Fund is permitted or required to use or disclose your PHI without your written authorization for the following purposes and in the following circumstances, as limited by law:

- The Fund will use or disclose your PHI to the extent it is required by law to do so.
- The Fund may disclose your PHI to a public health authority for certain public health activities, such as: (1) reporting of a disease or injury, or births and deaths, (2) conducting public health surveillance, investigations, or interventions; (3) reporting known or suspected child abuse or neglect; (4) ensuring the quality, safety or effectiveness of an FDA-regulated product or activity; (5) notifying a person who is at risk of contracting or spreading a disease; and (6) notifying an employer about a member of its workforce, for the purpose of workplace medical surveillance or the evaluation of work-related illness and injuries, but only to the extent the employer needs that information to comply with the Occupational Safety and Health Administration (OSHA), the Mine Safety and Health Administration (MSHA), or State law requirements having a similar purpose.
- The Fund may disclose your PHI to the appropriate government authority if the Fund reasonably believes that you are a victim of abuse, neglect or domestic violence.
- The Fund may disclose your PHI to a health oversight agency for oversight activities authorized by law, including: (1) audits; (2) civil, administrative, or criminal investigations; (3) inspections; (4) licensure or disciplinary actions; (5) civil, administrative, or criminal proceedings or actions; and (6) other activities.
- The Fund may disclose your PHI in the course of any judicial or administrative proceeding in response to an order by a court or administrative tribunal, or in response to a subpoena, discovery request, or other lawful process.
- The Fund may disclose your PHI for a law enforcement purpose to law enforcement officials. Such purposes include disclosures required by law, or in compliance with a court order or subpoena, grand jury subpoena, or administrative request.
- The Fund may disclose your PHI in response to a law enforcement official's request, for the purpose of identifying or locating a suspect, fugitive, material witness or missing person.
- The Fund may disclose your PHI if you are the victim of a crime and you agree to the disclosure or, if the Fund is unable to obtain your consent because of incapacity or emergency, and law enforcement demonstrates a need for the disclosure and/or the Fund determines in its professional judgment that such disclosure is in your best interest.

- The Fund may disclose your PHI to law enforcement officials to inform them of your death, if the Fund believes your death may have resulted from criminal conduct.
- The Fund may disclose PHI to law enforcement officials that it believes is evidence that a crime occurred on the premises of the Fund Office.
- The Fund may disclose your PHI to a coroner or medical examiner for identification purposes. The Fund may disclose your PHI to a funeral director to carry out his or her duties upon your death or before and in reasonable anticipation of your death.
- The Fund may disclose your PHI to organ procurement organizations for cadaveric organ, eye, or tissue donation purposes.
- The Fund may use or disclose your PHI for research purposes, if the Fund obtains one of the following: (1) documented institutional review board or privacy board approval; (2) representations from the researcher that the use or disclosure is being used solely for preparatory research purposes; (3) representations from the researcher that the use or disclosure is solely for research on the PHI of decedents; or (4) an agreement to exclude specific information identifying the individual.
- The Fund may use or disclose your PHI to avoid a serious threat to the health or safety of you or others.
- The Fund may disclose your PHI if you are in the Armed Forces and your PHI is needed by military command authorities. The Fund may also disclose your PHI for the conduct of national security and intelligence activities.
- The Fund may disclose your PHI to a correctional institution where you are being held.
- The Fund may disclose your PHI as authorized by and to the extent necessary to comply with laws relating to workers' compensation or other similar programs.
- The Fund may disclose your PHI in emergencies or after you provide verbal consent under certain circumstances.
- The Fund may disclose your PHI to family members, relatives, close personal friends, or other individuals involved in your care or the payment of your care to the extent the Fund determines it is in your best interest if you are unavailable or incapacitated; or to the extent the PHI is relevant to that person's involvement in your care if you are deceased.
- Fifty years following the date of your death the information maintained by the Fund about you will no longer be PHI and may be released without any consent.

3. The Fund may use or disclose your PHI to a third party pursuant to your authorization with any exceptions noted below and in the previous section.

- Unless otherwise permitted by law or described in this Notice, the Fund will not use or disclose your PHI to someone other than you (such as your spouse) unless you sign and execute an "Authorization Form." You can revoke an Authorization Form at any time by submitting a

“Cancellation of Authorization Form” to the Fund. The Cancellation of Authorization Form revokes the Authorization Form on the date it is recorded by the Fund.

- The Fund may provide your Personal Representative with access to your PHI in the same manner as it would provide you with access, but only upon receipt of documentation demonstrating that your Personal Representative has authority under applicable law to act on your behalf. A separate Authorization Form will not be required to provide your Personal Representative with your PHI.
- The Fund may provide information related to proof of immunization to a school required by state law to have such information, after the Fund obtains and documents that the student's parent or guardian, or the student if the student is an adult or emancipated minor, has agreed either orally or in writing to the disclosure. An Authorization Form will not be required.
- The Fund may disclose your PHI to family members, relatives, close personal friends, or other individuals involved in your care or the payment of your care upon your verbal consent if you are available to provide it.
- The Fund may use or disclose Psychotherapy Notes only pursuant to an Authorization Form, unless the use or disclosure is for the Fund's defense in a legal action or other proceeding brought by the individual who is the subject of the Notes, or the use is otherwise required or permitted by law.
- The Fund may use or disclose PHI for marketing purposes only pursuant to an Authorization Form. A use or disclosure is considered marketing if it is used for a communication that encourages the use of a product or service. However, the following uses and disclosures are not considered marketing: refill reminders or other usage reminders about a current treatment, as long as the Fund does not receive remuneration from a third party that is more than the cost of sending the reminder; for providing communications about alternative treatments, therapies, providers, health-related products or services available to an individual or for coordinating care of an individual unless the Fund receives remuneration from a third party to make the communication.
- The Fund may sell PHI only pursuant to an Authorization Form. A sale of PHI is a use or disclosure of the PHI in exchange for direct or indirect remuneration from the entity that receives the PHI from the Fund. However, the following transactions are not considered to be a sale of PHI, even if the Fund receives remuneration for them: a use or disclosure pursuant to research, public health, treatment, payment, or other purposes required by law, a use or disclosure made by or to a Business Associate for actions it performs as part of its agreement with the Fund to undertake certain functions, a use or disclosure to you when requested, a use or disclosure made as part of the sale, transfer, merger, or other consolidation of the Fund, and any other purpose permitted by law as long as the remuneration received is only a reasonable, cost-based fee to cover the expense to prepare and transmit the PHI, or a fee otherwise expressly permitted by other law.

Individual Rights

You have certain important rights with respect to your PHI. You should contact the Fund's Privacy Officer, identified below, to exercise these rights.

- You have a right to your own PHI.

- You have a right to request that the Fund restrict use or disclosure of your PHI to carry out payment or health care operations. The Fund may charge a fee for the cost of copying and mailing the PHI to you.
- You have a right to receive an electronic copy of PHI that is maintained electronically by the Fund upon request. The Fund will provide you the electronic copy either in the format that you request if it is easily producible to that format, or, if not readily producible to the format you request, then as a PDF or in another format agreed upon between you and the Fund. The Fund may charge a fee for the labor necessary to compile and prepare electronic PHI for you, and for the cost of any electronic media, such as a CD or data storage device, used to provide the electronic PHI for you.
